

MyStamping GROUND

Friendship and Belonging
a special workshop exploring themes
in Srishti's 2009 touring work *My
Stamping Ground*

This workshop will enable participants to learn material adapted from *My Stamping Ground* and use this material in their own creative work. Participants will explore the theme of gangs in the UK, focusing on the loyalty and solidarity shared by groups of friends, often misconstrued as gangs. It is an ideal way to introduce Bharatanatyam to students, with a theme which is extremely relevant to today's society, in a safe environment.

The workshop will begin with a simple warm up, and an introduction to basic Bharatanatyam vocabulary, building up to short sequences from the touring work. The students will then develop the material using choreographic devices similar to those used by the company.

The workshops are available as half-day, full day or longer residencies, and they are suitable for any age group. Workshops are led by experienced dance tutors who are also members of the touring company, and they will be able to tailor the workshop to the needs of your group.
